PROFESSIONAL EXPERIENCE

Chief Accounts Assistant Dec 2023 – Present

Al Rajhi Building and Construction

Makkah Fire & Cooling Networks Project (KIDANA) · Makkah, Saudi Arabia

- Managed contracts, payments, and financial records for 900+ subcontractors in SAP ERP, maintaining a centralized contract library ensuring full compliance and rapid retrieval.
- Recorded and reconciled bank transactions, petty cash, purchase orders, and vendor invoices in SAP — maintaining audit-ready financial records.
- Processed employee compliance records: fingerprint attendance, salary deductions, violation tracking, and payroll for the full project workforce.
- Installed and configured network extenders, access points, WD NAS, and fingerprint systems to meet all IT infrastructure requirements.
- Managed end-to-end procurement documentation, PO issuance, and supplier payment monitoring.

Document Controller & Temporary Store Manager Apr 2022 – Nov 2023

Al Rajhi Building and Construction

STC Huawei Data Center Project [071] · Dammam, Saudi Arabia

- Organized and maintained a complete document control system for site inspections, material approvals, and client-facing reports — traceable and audit-ready.
- Recorded site financial transactions (invoices, bank, petty cash, subcontractor accounts) in SAP; managed inventory and generated recurring stock reports.
- Delivered IT support (data recovery, driver installation, network/server config) minimizing operational downtime on site.
- Supervised camera and NVR systems; managed video backup archives and produced monthly progress presentations for the client.
- Developed custom software tools to streamline finance, procurement, and documentation workflows.
- Received Certificate of Appreciation for outstanding work ethics and project dedication.

IT Support & Contracts Documentation Assistant Jan 2021 – Mar 2022

Al Rajhi Building and Construction & Al Rajhi Telecom

Headquarters · Riyadh, Saudi Arabia

- Assisted Contracts Manager with reviewing, translating, and analysing subcontractor and supplier contracts.
- Configured company email, antivirus, and IT devices for 900+ employees; delivered daily IT support to internal and external clients.
